

WELLINGTON TRACE ASSOCIATION
SWIMMING POOL FACILITY RULES
2019

The Wellington Trace Board of Directors has adopted the following Rules for the protection and benefit of all patrons and to assure the safe and sanitary operation of the swimming pool facility. Your cooperation in abiding by these conditions will afford safe, pleasant relaxation and recreation for all concerned. **These rules can be amended at any time with or without prior notice by the Wellington Trace Association, Inc. Board of Directors.**

Adherence to these Rules is a condition of any patron's use of the swimming pool facility. The lifeguard, Pool Management, and the Association's representatives (the Board members, the Pool Committee members, and the Managing Agent) have the authority to discipline any Member or guest, in their sole discretion, for the safety of the facility and the quiet use and enjoyment of the facility by other patrons. The lifeguard, Pool Management, and the Association's representatives (the Board members, the Pool Committee members and the Managing Agent) reserve the right to refuse entry, to request a patron to leave the pool premises at any time; and to deny, suspend, or revoke facility use privileges. The lifeguard may, but shall not be obligated to, use progressive discipline; meaning a verbal warning, a written warning, time out, and/or removal from the pool premises. Where appropriate, lifeguards will use a time-out method to discipline children. If a child has to be repeatedly disciplined, the parent or guardian may be asked to remove the child from the pool premises. If the circumstances warrant, no oral or written warnings shall be necessary and the most severe consequence may be employed. Conditional Use privileges and pool passes may be suspended or revoked by the Board of Directors, temporarily or for the remainder of the season following notice and an opportunity to be heard. Unless the circumstances dictate otherwise (such as an emergency or callous disregard for the Rules), the Board will afford the Members whose rights are to be suspended notice and opportunity to be heard prior to such suspension or revocation.

Adults are requested to caution their children and guests to observe all Rules and obey instructions of the lifeguard, Pool Management, and the Association's representatives (the Board members, the Pool Committee members and the Managing Agent). These Rules may be re-evaluated at any time and are subject to change during the season as may be necessary without prior written notice. Current Rules will be posted in the facility.

The pool will be open seven (7) days a week beginning on Saturday, May 25, 2019, and ending on Monday, September 2, 2019. The pool will open at 3:30 P.M. on all public school days. Summer Hours are 11:00 A.M. to 8:00 P.M. daily.

No persons at or under the age of fourteen (14) will be permitted to enter or remain at the facility without a parent, guardian, or registered caregiver. All persons using the pool area do so at their own risk and sole responsibility. The Association and Management do not assume responsibility for any accident or injury in connection with such use. Persons, by using the facility, covenant and agree with the Association and Management to make no claim against it/them or its agents, successors or assigns for or on account of any loss of life or personal injury or damage to or loss of personal property. Members will be held responsible for all actions of their guests, residents, and children. The cost of any property damage will be charged to the responsible Members. Members agree to save the Association, Management, and their agents harmless and indemnify them from any and all liabilities, claims, actions, demands by any family members of a Member or any guests or guests' children. "Management" includes the managing agent and the pool management company.

BABY POOL RULES

For your children's safety these Rules will be enforced.

THERE IS NOT A LIFEGUARD ON DUTY AT THE BABY POOL

1. All of the aforementioned Rules apply.
2. The baby pool is restricted to children ages 6 and under. Where necessary, the lifeguards may request that anyone in the baby pool area should leave the baby pool area if the pool or pool area is overcrowded or that person's use is inappropriate. For instance, it would be inappropriate for children over 6 years not playing with a baby or toddler under 6 years old, to be in the baby pool area. The baby pool area is for babies and toddlers and for those adults supervising them.
3. The parent, adult guardian, or caregiver (18 years or older) supervising the child MUST remain in the baby pool area with the child at all times.
4. Children using artificial floatation devices (i.e. water wings, tubes, floats, etc...) must be assisted by an adult in the pool with them at all times. U.S. Coast Guard approved life vests are highly recommended.
5. **CHILDREN WHO ARE NOT TOILET TRAINED ARE REQUIRED TO WEAR RUBBER PANTS OVER SWIM DIAPERS.**
